Students are asked to arrive at Queen's House (Saskatoon, SK) on Thursday evening for a time of introductions, settling in and an opening devotion time together. Instruction will start on the Friday morning at 9:00am. We will end our time together with lunch on Sunday.

Course Description

Our doctrines formulated from Scripture are truths to live by – transformative truths which call believers to live faithfully in response. This course looks at the practical side of Christian doctrine and how it plays out in day to day life.

Objectives

- To enable the student to cognitively recognize and comprehend the basics of Christian theology as developed from Scripture through Church History and see how these truths translate into practical living.
- To encourage students in the application of Christian beliefs to their own behavior – living their lives as a response to the truths of God as revealed in Scripture.
- To enrich the students' awareness of God in the activities of day to day life.

A Guide to Christian Spiritual Formation by Evan B. Howard

At this point in time, students should be into the second book – *The Good and Beautiful Life*. Students are encouraged to continue working through this series, meeting regularly with a small group to discuss and encourage one another in the material. Following is the outline that was given for this material:
